

# BROWN & GAMMONS LTD

## HOOD MATE

## BGF400

This exclusive product is designed to extend the life of your hood and protect your interior.

To fit, simply open your boot, pull through the back edge of the 'Hood Mate' ensuring the neoprene cord is laid in the boot gutter and close the lid. Pull the front elastics over the mirror housings and press the suction cups onto each door glass pulling tight over the centre of the car.

The 'Hood Mate' can also be used as a cover when the hood is down to protect the interior from sun damage and dirt. Ensure the headrests are positioned as high as possible and the windows are fully up. The Hood Mate is far easier and less cumbersome than a full tonneau and should be used all year round.
